

**Guided Reading Activity 2****Landforms and Water Resources**

Directions: Reading for Accuracy Read the section and complete the activity below. Use your textbook to decide if a statement is true or false. Write T or F in the blank, and if a statement is false, rewrite it correctly on the line.

- _____ 1. Earth's landforms appear only on continents.

- _____ 2. Mountains are the highest landforms.

- _____ 3. Plains and plateaus are the two forms of lowlands.

- _____ 4. A narrow strip of land that connects two larger landmasses and has water on two sides is a peninsula.

- _____ 5. A trench that stretches for several miles underwater lies off the coast of each continent.

- _____ 6. Some of the factors people consider when choosing to live in a place include the climate and the availability of resources.

- _____ 7. About 50 percent of the Earth's surface is covered with water.

- _____ 8. Oceans are a part of a huge, continuous body of salt water.

- _____ 9. The majority of lakes on the Earth are saltwater lakes.

- _____ 10. The processes in the water cycle are evaporation, condensation, precipitation, and collection.
